### PURELY ORGANIC INSTANT COMPOST TEA

- This product is based on the latest advances in organic fertilization Plant Growth Promoting Rhizobacteria (PGPR).
- PGPR supply the biology to the plant, soil and root system that profoundly affects the plant in relation to nutrition and health.
- These turf specific PGPR colonize the soil and trigger a symbiotic relationship that enhance nutrition uptake for grasses which means greener, healthier turf grass.
- One quart treats 90,000 square feet of turf.
